

IEDC BIOTECH DELEGATION TO AUSTRALIA & NEW ZEALAND

— NOVEMBER 13-24, 2006 —

The Indiana Economic Development Corporation has organized a delegation to participate in Ausbiotech 2006 and visit various venues in Australia & New Zealand from November 13th – 24th. Indiana participants will include representatives from the Purdue Research Park and Cook Pharmica and other leading Indiana organizations and companies with parts of the delegation visiting all of the following: Sydney, Melbourne, Brisbane and Auckland, New Zealand and available for meetings in all of these locations during this period. We are working closely with Ausbiotech on this delegation and we appreciate their assistance.

Purdue Research Park: www.purdueresearchpark.com

The Purdue Research Park is one of the most highly acclaimed research parks in the U.S. with over 90 technology firms in the largest technology park in Indiana. Purdue Research Park has been recognized by the Association of University Research Parks by winning the 2005 excellence in technology transfer award and the 2004 Outstanding Science Research Park Award.

Cook Pharmica: www.cookpharmica.com

Cook Pharmica LLC is a contract biopharmaceutical manufacturing organization capable of developing and manufacturing mammalian cell culture-based biopharmaceuticals for pre-clinical, clinical, and commercial use. In addition to manufacturing we offer the following services: cell culture development, purification development, analytical development, cell banking and storage, stability storage and testing, and regulatory submission support.
